## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 1-21 and 45 are allowed.

The following is an examiner's statement of reasons for allowance:

The references fail to teach, disclose, or suggest, either alone or in combination, the thermally conductive flange directly abutted against and circumscribing the inner connector and in combination with the rest of the limitations of the base claim.

As mentioned in Applicant's arguments (Pages 11-14) and as discussed in the Interview of November 18, 2003, the Shamouilian et al. reference fails to disclose the limitations mentioned above.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
